

The 2nd “Belt and Road” Economic Development Forum

Beijing – November 2025

EU/CY - CN Project Exchange and Matchmaking

When: 8th November 2025 – 14th November 2025

Where: Beijing

Scope: This conference aims to bring together leaders and experts from four major sectors such as technology, healthcare, shipping and services to foster collaboration and innovation across industries.

1. Technology Industry

1.1 Technological Research and Development (with the aim of engaging enterprises that possess research capabilities to jointly conduct R&D on technological products):

- IT systems
- Artificial Intelligence (AI)
- Tech-integrated sports
- Interdisciplinary research in fields such as medical-engineering integration

1.2 Technological Products (with the aim of exporting these products or jointly developing them for international markets):

- Medical devices
- Industrial equipment (especially smart and intelligent industrial systems)
- AI-powered technologies
- Tech-based sports products

2. Healthcare Industry

2.1 Pharmaceutical R&D and Sales (with the aim of establishing joint ventures to co-develop both domestic and international markets)

2.2 Development of Traditional Chinese Medicine (TCM) Overseas (seeking collaboration and investment to expand TCM into global markets)

2.3 Cooperation with Foreign-Invested (Joint-Venture) Hospitals (with the goal of leveraging new healthcare policies to establish foreign or joint-venture rehabilitation hospitals in Beijing)

3. Shipping Industry

Relevant Areas in Shipping and Maritime Logistics (focus to be further refined based on partner interests and cooperation opportunities)

4. Service Industry

4.1 Overseas investment support (technology, medical, real estates)

4.2 Establishment of overseas companies or representative offices

4.3 Immigration and study abroad services

4.4 Overseas training programs and joint education programs

We hope that foreign real estate developers, universities, banks, financial leasing companies, and other related financial institutions can participate.
